REGULATORY DISCLAIMER: This newsletter is provided solely to enable clients to make their own investment decisions. The information within this newsletter does not constitute advice or a personal recommendation, or take into account the particular investment objectives, financial situations, or needs of individual clients. It may therefore not be suitable for all recipients. If you have any doubts as to the suitability of this service, you should seek advice from your investment adviser. The past is not necessarily a guide to future performance. The value of investments and the income from them can fall as well as rise and investors may get back less than they originally invested. Certain Investment Trusts will permit using gearing as an investment strategy. Gearing is a strategy which involves borrowing money to increase holdings of investments or investing in warrants or derivatives. Such a strategy is likely to result in movements in the price of the relevant security being amplified significantly and may be subject to sudden and large falls in value and investors may get back nothing at all. Any tax rates and reliefs are those currently applying, are dependent on individual circumstances, and could be subject to change. All estimates and prospective figures quoted in this newsletter are forecasts and are not guaranteed. Within our advisory service we offer advice on a wide range of investments including shares, corporate bonds, gilts and managed funds. Within the RDR our advisory service is recognised by the FCA as a 'restricted' service as we do not offer advice on the whole of the financial planning market which includes products such as life policies and personal pension schemes.
